

Party of Light

On Friday 29th October 2010 the local church in Long Lane, Halesowen held a "Party of Light" for the children. This was an idea first introduced by Sisters Marlene Muirhead and Antonette McKenzie as an alternative to the Halloween party celebrated by the majority of the western world. The evening was filled with many fun packed games such as *Musical chairs* and *statues*. The adults were not exempt; the more energetic ones were also roped into the activities e.g. trying to burst your opponent's balloon while having a balloon tied to one of your legs.

There was also a serious side to the evening's activities as the leaders outlined the origins of the Halloween celebrations and also the dangers associated with it.

The food also went down a treat especially the pizzas which did not hang around for long. Yummy!

We thank God and the Gleaner Leaders from Long Lane for a very entertaining and educational evening.
